TURKEY POT CALLS

Custom Memory pot calls can make a great gift for anyone! We can make custom calls upon request...the calls to the left are just a few examples of what we can do! To request a custom call let us know at millcreekvalleygamecalls@yahoo.com or just give us a call!

Turkey Reaper Slate Call

(Option to Laminat Pot - Any Slate Color: Red, Grey, Green, Purple - Walnut or Cherry Wood)

Made from the finest Pennsylvania Slate combined with a zebra wood pot gives you a slate call that can do it all. The Striker made from premium hardwood only adds to the versatility of this call. This call is easy to use, and produces authentic turkey sounds from soft yelps and putts to loud cutting and yelps of the Wild Turkey. The back of the slate call has our signature sound holes, making this call stand out from other calls on the market. Compare this call to other high dollar slate calls on the market and you'll realize you are done looking. The quality craftsmanship we put into this call is top notch.

The Boss Hen

(Red Slate Sound Board)

Made from the finest crystal available with a slate sound board. This call has the ability to sounds like the old boss hen. It also can sound real raspy, the sound is unreal. The call will help you bag some big old gobblers and it comes with a custom Dymondwood striker.

The Turkey Reaper Double Pot Call

It's going to be best of both worlds - Crystal on top playing surface that is just like the original Turkey Reaper Crystal pot. Simply flip it over for a small slate surface on back. The small slate side is perfect for tree Talkin' or soft yelps and Purrs.

Comes with two strikers, one Dymondwood two piece striker and 1 one-piece black locust striker. If you don't like the playing surface it can be changed with any you would like also not Pot call can be any kind of wood we do!

Turkey Reaper

Crystal Over Glass Pot Call

(Laminated Pot - Walnut or Cherry Wood)

Made from the finest Crystal combined with a glass sound board and zebra wood pot gives you a crystal pot call that can do it all. The Striker made from premium hardwood only adds to the versatility of this call. This call is easy to use, and produces authentic turkey sounds from soft yelps and putts to loud cutting and yelps of the Wild Turkey. The back of the pot call has our signature sound holes, making this call stand out from other calls on the market. Compare this call to other high dollar crystal pot calls on the market and you'll realize you are done looking. The quality craftsmanship we put into this call is top notch.

Custom One Piece Strickers

Made from Dymondwood with a mushroom tip.

TURKEY FRICTION CALLS

Push Button Adjustable Yelper

This call sounds as good as it looks. It features a black plastic adjustable knob for sound volume. Simply adjust all the way to the left to select the quiet hen talk. Adjust all the way to the right to select the loud hen talk. This push button yelper makes the sounds of fighting purrs to soft talk a cinch. Simply use one finger while the other is free. This product is made out of walnut for a great sound. It conveniently fits in the palm of your hand or in your shirt pocket. Very good value in a small package.

The Shady Hen

Over 5 Years in the making, after relentless testing and countless field tests its finally here! All completely handmade and hand Tuned by World and national champion, call maker Shawn Kotchey. This box call has a walnut body with a Bloodwood Lid. The most realistic Hen talk box call you will ever run. This box has two hens built into it play the right and left side for two separate hen talk. Then take the lid and run it across both the lids back and forth for a realistic gobble to fool any old gobbler. This call is a must for this spring, I promise you will not be disappointed!!!! This call has won many call making awards.

TURKEY DIAPHRAGM CALLS

The Young Jenny

This mouth call has two reeds of prophylactic. It is easy to work and is also great for beginners.

The Triple Reaper

This call has three reeds of prophylactic. It is easy to use for beginners and Pro's alike.

The Turkey Reaper

This call has one Black latex .004 on top with a batwing cut. The bottom two reeds are orange latex .003. This call gets its name "The Turkey Reaper" for a reason, it puts birds down period!!!! It is definitely one of our best, designed by Owner and Call Maker Shawn Kotchey.

The Widow Maker

The Widow Maker is made of one reed of red latex .004 with two thin reeds of prophylactic .002 that make this a great call for great yelps that can do it all. Designed by Pro Staff Member Eddie Fields.

The Kee Kee Runner

This call is a three reed call, top reed of .004 black latex with a key hole cut and two bottom reeds of prophylactic. Great for fall hunting.

The Combo Reaper

This call is a three reed call, top reed of yellow latex .004 with a combo cut and two reeds of prophylactic, also called a shipwreck cut.

The Gobbler Reaper

This call is 3.5 reeds of prophylactic with a deep v-cut in the top reed with a tight stretch.

The Nasty Raspy

This call is a three reed call, the top reed is green latex .004 with a v-cut and two bottom reeds of prophylactic with a tight stretch.

Uncle Bill's Gobbler Reaper

This call is 3.5 reeds of prophylactic with a deep V Cut. A perfect combination that gives great cuts, yelps, and cackles. It is also great for quiet calling. It is one of our favorites and, is one of our best sellers.

Triple Reed Cutter

The Triple Reed Cutter is made of three reeds of white latex with a cutter cut in the top reed. The cutt in this call can cut and cackle like no other. It is great for calling in that big gobbler.

The Turkey Reaper Call Can

Millcreek Valley Game Calls has been thinking about this can for many years and has finally perfected it. It keeps the dirt, pocket lint from inside your turkey vest, and air out in order to keep your mouth calls in perfect condition. It will hold up to at least 10 mouth calls. Once you carry your calls in this can, you won't want to use anything else.

The Whistler

The Whistler is a 3 reed call. It has three reeds of green prophylactic which is actually 2 1/2 reeds. The top reed has a ghost cut. The Whistler breaks from high to a mellow rasp and has sweet throaty yelps, clucks and kee-kees.

The Green Reaper

Three Reed Call .004 black latex on top reed with a Super V cut. two bottom reeds are Lime Green latex .0025 and Tree Bark Picture Camo Tape. Great for Super loud yelping and cutting!

The G Reaper

(Freezer Bound Outdoors)

Made for freezer bound outdoors (Three Reed V cut) top reed .004 latex and bottom two reeds prophylactic. Special tape made for them, American Punisher.

The Kiss of Death

Diaphragm call which features 2 1/2 reeds. "The Kiss of Death" diaphragm call features 3 reeds with a batwing cut in .004 grey latex over two blue prophylactic .025 reeds. It is similar to the Turkey Reaper, but with less bark and bite, and sweet throaty yelps. Great for roll over yelping. Designed by friend and Pro Staff Member Matt Nicklas.

Carolina Hot Hen

The hot hen is a three reed call with yellow .0400 latex on top with a reverse combo cut with the edge sniped, with two reeds of prophylactic. This call is New for this year it can do it all from soft to loud, get one for your self and find out.

The Carolina Dirty Girl

This is a three reed all latex call. The top reed is black .004 latex, with a V- cut. The second reed is .004 latex, and the last reed is .003 white latex. This call has a medium stretch.

The Bird

This signature call is a two reed all Latex call. This call has a medium stretch. The top reed is grey .004 with a batwing cut. Then we put one reed of natural latex .003 on bottom with some back tension. This call is very versatile it make soft clucks and sweet purr's but has the ability to get loud with some harder air pressure.

LOCATOR CALLS

Turkey Reaper Crow Call

This call we are very proud of. It looks good, and sounds good. It truly is one of a kind for locating that big old gobbler in the spring. For hunting crow in the spring or fall, this is your call. It is a must for your next spring hunt. Comes with a lanyard.

Millcreek Valley Hooter

This call was made simple to use. Simply huff air into the mouth piece and hoot. The cadence you want to use is "who cooks for you, who cooks for you all". It is made from our top quality wood for the best sound.

The Hooty Hoot (Reeded Owl Hooter)

Simple to use just cup your hands together at bottom of the call and huff air into the call "say who cooks for you" this is one of the most realistic owl calls on the market. This call is named after the owners Father Mike Kotchey. This call can come in various different kinds of wood. This call won a National call making award and many other awards on its sound.

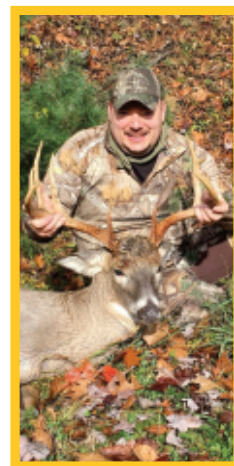

DEER & ELK CALLS

Mr. November Grunt

The Original (Mr. November) Buck Grunt and Doe Bleat in one call. You will not want to go into the woods without this call this fall without it. Five years in the making and relentless field testing and we finally perfected it. This call makes a perfect grunt every time. The reeds in this call are already set, no adjustment needed. Simply blow into the top end for a buck grunt and inhale in the same end to get a perfect doe bleat every time. We use custom metal guts that will not Freeze!!!! housed in our standard walnut barrel, with custom woods available at an additional cost for a true custom call. This call has been featured on the Outdoor and Sportsman Channel.

The Elk Reaper

Diaphragm call
